ImageFORMULA RS40

Effortlessly digitise your old photos, drawings or images by scanning up to 40 photos in one go, at speeds of 30 images per minute. The imageFORMULA RS40 will enrich colours, sharpen focus, and correct distortion to give your images a new lease of life.

FAST AND EFFICIENT BATCH SCANNING

Digitising your old photos, drawings or images doesn't have to be time-consuming. With the RS40 you can scan up to 40 photos in one batch with the Easy Scan feature, reaching speeds of 30 images per minute – the hassle-free way to revive old memories.

VIVID COLOUR AND CLARITY

Brighten up the digital copies of your photographs with advanced image processing functions, including Auto Photo Fix, Red Eye Correction, Digital Face Smoothing and Fading Correction. You also have the option to save both enhanced and original files if you want to keep the original look and feel.

EASY TO USE AND JAM-RESISTANT

Enjoy hassle-free scanning every time with an intuitive user interface, complete with three pre-set scanning options to help you achieve optimum detail in just a few clicks. Clever ultrasonic sensors detect overlapping pages and Double Feed Release (DFR) restarts your device quickly in the event of a jam.

SHARE WITH FAMILY AND FRIENDS

With the RS40 you can easily share old memories, images, and files in a few simple clicks. Choose the file type that fits your needs, from small JPEGs to large TIFFs for maximum image quality and share via email or cloud platforms with our intuitive CaptureOnTouch software.

INTUITIVE SCANNING

With Canon's CaptureOnTouch user-friendly interface you can easily scan paper documents into digital archives and save or send them to multiple destinations, including cloud services. It incorporates a Full Auto Mode function that delivers a simplified scanning operation with high quality results. You can create searchable PDF files using its built-in OCR technology and saved frequently performed operations into the shortcuts menu.

TECHNICAL SPECIFICATIONS

GENERAL PRODUCT INFORMATION

Type	Desktop double-sided capturing sheet fed photo and document scanner
Scanning sensor unit	CIS -One-line contact image sensor
Optical resolution	600dpi
Light source	RGB LED
Scanning side	double-sided scanning
Interface	USB2.0
Dimensions (WxDxH)	291 x 250 x 245 mm (W/ Eject tray stored) 291 x 600 x 382 mm (Maximum size)
Weight	Approx. 3kg
Power requirements	AC 100-240V (50/60Hz)
Power consumption	Scanning: 19W Sleep mode: 1.4W Power OFF: 0.1W

Operating environment

SCANNING SPECIFICATIONS

Black and White	40ppm - 80ipm
Colour	30ppm - 60ipm
Photo	30ppm
Output resolution	100/150 / 200/240/300/ 400 / 600/ 1200 dpi (interpolated)
Output mode	Color, Grayscale, Black and White
Suggested Daily Duty Cycle	NA

DOCUMENT SPECIFICATIONS

Width	50.8mm - 216mm
Length	54mm - 356mm
Thickness	0.04mm - 0.25mm
Long document mode	Up to 3,000mm
