

USB 3.0 4-Positions 2.5"/3.5" SATA External Hard Drive Dock

Model: ORICO 6648US3-C

Description:

The ORICO 6648US3 SATA Docking Station supports the direct insertion of Desktop Four 2.5"/3.5" SATA Hard Drives. It is a carefree solution that makes swapping hard drives easier than ever before. Plus, now you can take advantage of the lightning speed of USB 3.0 to quickly transfer files up to 5 Gbps! Connect any 2.5"/3.5" Serial ATA (SATA) or SATA II Hard Drive to your computer through an available USB 3.0 port on your desktop or laptop.

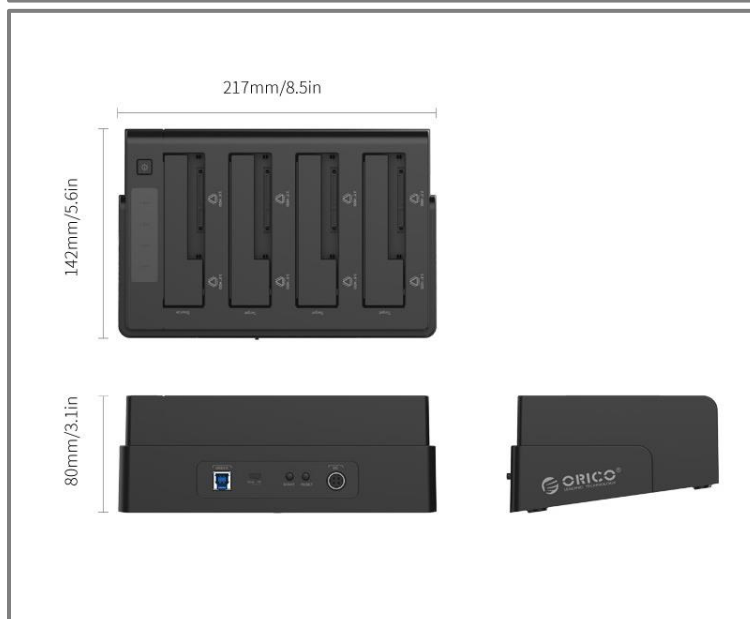

Features:

- **Smart USB3.0 Transmission:** Adopts USB3.0 to SATA3.0 bridging program whose transfer speed is up to 5gbps, backwards compatible with USB2.0/1.1. Fit for 2.5 / 3.5 inch HDD and SSD, handle daily storage and expansion.
- **HDD/SSD Off-line Duplicator:** When cloning a hard drive, no PC is required - just plug hard drives, press "Clone" button for several seconds until the LED will start flashing and the cloning process will begin.
- **Intelligent Sleep:** When automatic sleep, hard drives stop operating to reduce abrasion and heat, energy-saving and environment-friendly.
- **Excellent Quality:** Simple and sleek chassis made of ABS material with sand blasting, perfectly match your device; anti-skid mats on the bottom make it more stable.
- **Tool free, Plug and Play:** Install HDD or SSD without any tools, hot-swapping supported, easy to use.
- **LED indicator:** Provided with LED indicator, which shows power condition and read status clearly.
- **Strong Power Supply:** 78W power adapter provides adequate and stable energy for 4 hard drives' running.
- **Multiple Systems Supported:** Compatible with most of systems on the market such as Windows, Linux and Mac OS. Different systems, same fast transmission.
- **Multi-safety Protection:** Built-in over current / voltage, electrical leakage and short circuit protection keep data transfer safer.

Specifications:

- Compatible HDD Type: 2.5 & 3.5 inch HDD / SSD
- Ports: 4 Ports
- Output Interface: SuperSpeed USB3.0
- Clone: 1 to 3 standalone clone
- HDD Interface: SATA I, II, III
- Power Supply: 12V 6A power adapter
- Supported Systems: Windows 10/8/7/Vista/XP or Mac OS 9.1 and above
- Data Cable: 1M USB3.0 Cord
- Dimensions: 144x80.7x216.7mm
