

HP OfficeJet Pro 9123 All-in-One Printer

Print for your business like a Pro.

Say hello to the professional colour inkjet printer for your growing business from the World's #1 Printer Company, paired with the easiest-to-use print app. From budgets to reports, enjoy easy cloud sharing and printing across multiple devices.^{1,2}

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>
