MS50A

Wireless Smart Speaker with Multi-room Connectivity

Features:

- Wi-Fi & Bluetooth connection supported
- Easy Wi-Fi connection by Edifier Home app
- Compatible with Apple Airplay, Amazon Alexa (*), TIDAL Connect, and Spotify Connect
- Great sound quality with 40W RMS power output
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Easy control by touch
- No built-in microphone, for privacy protection
- Wireless stereo system with 2 units
- Go to www.edifier.com to check the list of countries with this feature supported

e25HD

Features:

- 74W (RMS) total output power with Class D TI amplifier chips
- 1-inch (Φ19mm) silk dome tweeters, 3-inch (82mm) mid-low

- drivers, and 3-inch passive bass radiators
- Full digital signal processing with two-way active crossover and dynamic range control
- With LDAC, the leading-edge high resolution audio codec, e25HD supports wireless Hi-Res audio with the transmission speed up to 990Kbps through Bluetooth V5.3
- The AUX/OPT input port supports signals with the resolution up to 24bit /96kHz
- AUX/OPT port supports the auto detect of cable plug-in and plug-out

D12

Tabletop Bluetooth Speaker

Features:

- Top notch sound quality with 70W RMS power output from 3/4" tweeters and 4" woofers
- Class-D amplifier system with Digital Signal Processing (DSP) and Dynamic Range Control (DRC) for precise audio processing
 - Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decor
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, RCA, 3.5mm AUX and Line-Out
- Easy control of volume, bass level, treble level, EQ switch, and source switch

D32

Tabletop Wireless Speaker

Features:

- 30W+15W*2 (RMS) total output power with Class-D TI digital amplifier chips
- Dual 1" (25mm) silk dome tweeters and 4" (116mm) long-throw mid-low drivers
- Full digital signal processing, two-way active crossover, and dynamic range control
- Dual bass reflex channels for strong bass
- MDF cabinet of 12mm thickness to reduce distortion and resonance

NEW ARRIVAL
 זמין עכשיו במלאי טכנו-רזף
 מחיר מומלץ לצרכן: 699 ש"ח

MP120

Entry-level Portable Bluetooth Speaker

Features:

- Stylish and elegant metallic design
- 19 hours playback via Bluetooth by the 2200mAh battery
- Great sound quality with 4W+4W RMS power output
- Micro SD card and AUX input supported

MP230

Tabletop Bluetooth Speaker

Features:

- Great sound quality with 20W RMS power output
- 9 hours playback via Bluetooth by 2 hours charging
- Retro design with perfect replica of piano-like key buttons, complemented by legendary palette and boutique mesh
- Rich connectivity through Bluetooth, USB-C port, AUX port, and microSD port
- Easy control by front buttons

NEW ARRIVAL
 זמין עכשיו במלאי טכנו-רזף
 מחיר מומלץ לצרכן: 349 ש"ח

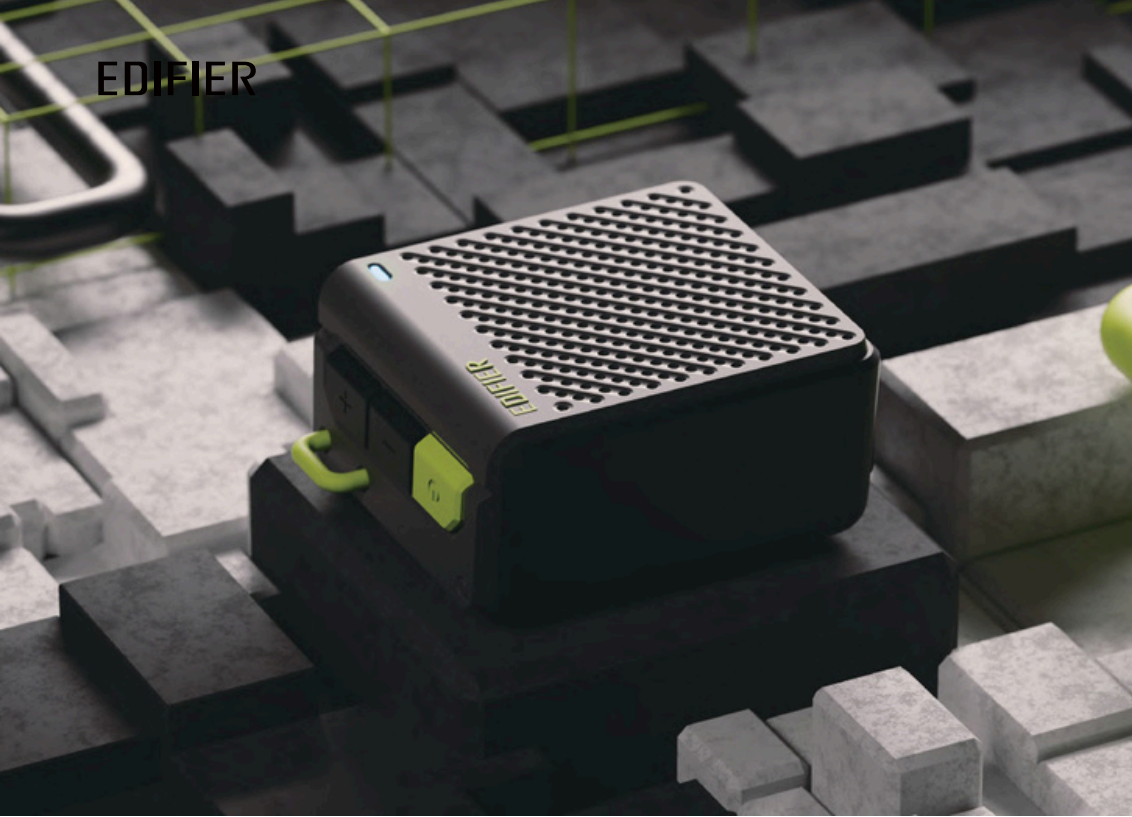

MP260

Multifunctional Integrated 2.1 Channel Bluetooth Speaker

Features:

- Versatile functions with clock and alarm
- 7 hours playback via Bluetooth by the 2500mAh battery
- Quality wooden enclosure and bass reflex port for great sound quality with 20W RMS power output
- Intelligent LED screen adaptive to environment brightness
- AUX input, USB, USB drive, Bluetooth and micro SD supported
- Easy control by multi-function buttons

MP85

Portable Bluetooth Speaker

Features:

- Long life music playtime with 500mAh built-in battery
- Weighing around 70g with carrying lanyards
- Enjoy the quality music with 40mm driver
- Bluetooth v5.3
- Easy operation by FULL control panel
- Edifier connect app supported with EQ settings

NEW ARRIVAL
 זמין עכשיו במלאי טכנו-רזף
 מחיר מומלץ לצרכן: 99 ש"ח

MP100 PLUS

Features:

- 9 hours playback via Bluetooth
- IPX7 waterproof and lightweight design
- Great sound quality with 5W RMS power output from the

- high-quality 43mm driver
- Easy operation by the full control panel

QR65

Desktop Active Monitor with GaN Charger

Features:

- 70W (RMS) total output power with Class-D TI amplifier chips
- Independent acoustic cavity with 1.25" (32mm) silk dome tweeters and 2.75" (70mm) long-throw aluminum diaphragm mid-low drivers
- Full digital signal processing, two-way active crossover, and DRC
- MazeTube bass reflex channels for strong bass and TurbMuff air noise suppression technology for less air noises
- Subwoofer output port available for the connection to an external subwoofer

Main Speaker: 216.8×141.5×213mm
Subsidiary Speaker: 213×212×130mm
(L×W×H)

QD35

Tabletop Bluetooth Speaker with GaN charger

Features:

- Reduces acoustic resonance, quadratic element design
- Gallium Nitride smart 35W charging system through one USB-C port and one USB-A port; 3x efficient in more conversion than standard adapter
- Both Hi-Res AUDIO and Hi-Res AUDIO WIRELESS are certified, supporting audio signals with the sampling rate of 44.1kHz, 48kHz and 96 kHz. Equipped with advanced sound amplifier and DSP technology to build powerful tweeter and woofer without distortion; customized EQ setting via Edifier Connect App
- Bluetooth, USB-A, Aux-in
- Mechanical turning knob control mood light color selection & brightness; real-time clock display; works with Edifier Connect app

NEW ARRIVAL
זמין עכשיו במלאי טכנו-רזף
מחיר מומלץ לצרכן: 699 ש"ח

277.8×141.7×164.8mm
(L×W×H)

MG250

Computer/Tabletop Bluetooth Speaker

Features:

- Enjoy cool RGB light effects with a savvy design enclosure that fits and blends well with modern desktop/tabletop setting
- Enjoy the great-quality music with high-quality 52mm drivers and Inverters
- Bluetooth, USB type-A
- Easy operation by FULL control touch panel
- Easy operation with microphones built-in

NEW ARRIVAL
 זמין עכשיו במלאי טכנו-רצף
 מחיר מומלץ לצרכן: 179 ש"ח

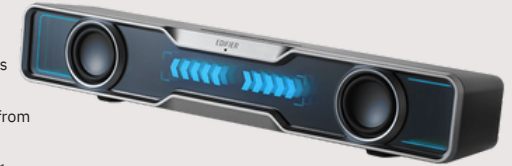

5W
 USB-A Soundcard / Bluetooth
 383.2x86.3x71.2mm (LxWxH)

QS30

PC Speaker with Quality Sound and Splendid Light Effects

Features:

- 2.5W+2.5W (RMS) total output power with quality sound
- Dual 2" full-range drivers with independent acoustic cavities and bass reflex ports
- Attached USB cable for power supply and audio streaming from your computer
- Bluetooth V5.4 audio receiver for seamless audio streaming with stable connection
- Splendid light effects powered by patented TempoAbyss technology
- Built-in high-sensitivity microphone
- Multiple preset sound effects for music, movie, and gaming
- Works with EDIFIER ConneX Mobile App and EDIFIER TempoHub Computer App

NEW ARRIVAL
 זמין עכשיו במלאי טכנו-רצף
 מחיר מומלץ לצרכן: 299 ש"ח

5W
 USB / Bluetooth
 428.7mm x 77.2mm x 89mm (W x H x D)

MF200

Portable / Tabletop Bluetooth Speaker

Features:

- 10 hours playback via Bluetooth on a single charging
- Rich connectivity through Bluetooth, AUX, and USB-C
- Easy operation by touch and press
- High-quality, crisp and mesmerizing music from two 36mm drivers
- Space saving and easy to carry from the neat and compact design
- Comfortable feel and touch from selected materials and quality assembly

8W
 USB / AUX / Bluetooth
 293x53x45mm (LxWxH)

B700

Soundbar Speaker Range

Features:

- DOLBY ATMOS
- HDMI 4K high definition video and audio
- eARC Enhanced Audio Return
- 5.1.2 channel
- Powerful wireless subwoofer
- Rich connectivity
- Bluetooth V5.0

NEW ARRIVAL
 זמין עכשיו במלאי טכנו-רצף
 מחיר מומלץ לצרכן: 1899 ש"ח

175W
 HDMI eARC / HDMI IN / Bluetooth / OPT / AUX / COAX
 Soundbar: 850x120x70mm
 Subwoofer: 250x300x372mm (LxWxH)

M1250

2.0 Multimedia Speakers

Features:

- Powered through USB port
- Flat panel designed satellites
- Magnetically shielded speakers
- Power and volume control knobs
- 3.5mm auxiliary input and headphone jack available

R12U

Active USB Powered Speaker

Features:

- Flared bass reflex port for powerful bass
- Master volume with built-in power switch
- 3.5mm auxiliary input and headphone jack available

NEW ARRIVAL

זמין עכשיו במלאי טכנו-רזף
מחיר מומלץ לצרכן: 79 ש"ח

M2280

Features:

- Great sound quality with 12W RMS power output from

- magnetically-shielded speakers
- Stand-mounted speakers for optimum listening
- AUX audio input available
- Easy control of volume and power switch

R19BT

2.0 PC Speaker System with Bluetooth

Features:

- Great sound quality from high-quality 2.75" drivers
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, AUX, and USB-A soundcard
- Easy operation by the full control panel

R33BT

Features:

• Great sound quality with 10W RMS power output from 1/2" tweeters

- and 3.5" mid-bass drivers
- Stable Bluetooth connection for seamless music streaming
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- 3.5mm auxiliary input available
- Easy control by your fingertip

R980T

Active Bookshelf Speaker

Features:

- Great sound quality with 24W RMS power output
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decor
- Magnetically shielded speakers
- Calibrated flared bass reflex port for powerful bass
- Dual RCA inputs for connecting to two devices simultaneously
- Easy control of bass level and volume

R990BT

2.0 Active Multimedia Speaker

Features:

- 12W*2 (RMS) total output power with a digital audio amplifier chipset
- 1" (Φ13mm voice coil) silk dome tweeters and 4" long-throw mid-low drivers
- Digital audio processing and dynamic range control
- Calibrated flared bass reflex port for powerful bass
- MDF cabinet to reduce distortion and resonance

NEW ARRIVAL
זמין עכשיו במלאי טכנו-רזף
מחיר מומלץ לצרכן: 299 ש"ח

EDIFIER

EDIFIER

R1000T4

Features:

• Great sound quality with 24W RMS power output from ½" silk

dome tweeters and 4" bass drivers

- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Dual RCA inputs for connecting to two devices simultaneously
- Easy control of volume and bass level

R1100

Active Bookshelf Speaker

Features:

- Great sound quality with 42W RMS power output
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Calibrated flared bass reflex port for powerful bass
- Dual RCA inputs for connecting to two devices simultaneously
- Easy control of volume and bass level

R1010BT

2.0 Active Multimedia Speaker

Features:

- Great sound quality with 24W RMS power output from 1/2" tweeters and 4" bass drivers
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decor
- Stable Bluetooth connection for seamless music streaming
- Multi-point Bluetooth pairing with two devices supported
- Dual RCA inputs for connecting to two devices simultaneously
- Easy control of volume, bass level, and source switch

R1080BT

2.0 Active Multimedia Speaker

Features:

- Great sound quality with 24W RMS power output from 3/4" silk dome tweeters and 4" mid-bass drivers
- Built-in Digital Signal Processing (DSP) chip for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decor
- Calibrated flared bass reflex port for powerful bass
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, AUX, and Line In
- Easy control by your fingertip

R1280T

2.0 Active Multimedia Speaker

Features:

- Great sound quality with 42W RMS power output
- Class-D amplifier system with Digital Signal Processing (DSP) technology for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Calibrated flared bass reflex port for powerful bass
- Dual RCA inputs for connecting to two devices simultaneously
- Easy control of volume, bass level, and treble level

NEW ARRIVAL

R1280Ts

2.0 Active Multimedia Speaker

Features:

- Great sound quality with 42W RMS power output from ½" silk dome tweeters and 4" bass drivers
- Class-D amplifier system with Digital Signal Processing (DSP) technology for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Calibrated flared bass reflex port for powerful bass
- Dual RCA inputs for connecting to two devices simultaneously
- Supports bass output to another subwoofer
- Easy control of volume, bass level, and treble level

R1280DBs

Features:

- Great sound quality with 42W RMS power output from ½" silk dome tweeters and 4" mid-bass drivers
- Class-D amplifier system with Digital Signal Processing (DSP) technology for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Calibrated flared bass reflex port for powerful bass
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, Optical, Coaxial, and dual RCA inputs
- Supports bass output to another subwoofer
- Easy control of volume, bass level, treble level, and source switch

R1380T

2.0 Active Multimedia Speaker

Features:

- Great sound quality with 42W RMS power output from 1" silk dome tweeters and 4" mid-bass drivers
- Class-D amplifier system with Digital Signal Processing (DSP) technology for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Dual RCA inputs for connecting to two devices simultaneously
- Easy control of volume, bass level, and treble level

R1380DB

Features:

- Great sound quality with 42W RMS power output from 1" tweeters and 4" mid-bass drivers
- Class-D amplifier system with Digital Signal Processing (DSP) technology for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- High-quality Bluetooth transmission with Qualcomm® aptX™ HD
- Rich connectivity through Bluetooth, Optical, Coaxial, and Line In
- Easy control of volume, bass level, treble level, and source switch

EDIFIER

R1850DB

Features:

- Great sound quality with 70W RMS power output
- Bi-amplifier system with Digital Signal Processing (DSP) and

electronic crossovers

- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- 10-degree incline design for accurate sound directing
- Calibrated flared bass reflex port for powerful bass
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, Line In, Coaxial, and Optical
- Supports bass output to another subwoofer
- Easy control of volume, bass level, treble level, and source switch

EDIFIER

R1855DB

Features:

- Great sound quality with 70W RMS power output from ¾" silk

dome tweeters and 4" Nomex diaphragm mid-bass drivers

- Bi-amplifier system with Digital Signal Processing (DSP) and electronic crossovers
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- 10-degree incline design for accurate sound directing
- Calibrated flared bass reflex port for powerful bass
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, Line In, Coaxial, and Optical
- Supports bass output to another subwoofer
- Easy control by the remote control or rear knobs

R2000DB

2.0 Active Multimedia Speaker

Features:

- Great sound quality with 120W RMS power output from 1" silk dome tweeters and 5" bass drivers with Aluminum diaphragm
- Class-D amplifier system with Digital Signal Processing (DSP) and Dynamic Range Control (DRC) for precise audio processing
 - Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, Optical, and Line In
- Easy control of volume, bass level, treble level, EQ switch, and source switch

NEW ARRIVAL

R1600TIII

Features:

•Great sound quality with 60W RMS power output from ¾" silk

dome tweeters and 4" bass drivers

- Class-D amplifier system with Digital Signal Processing (DSP) and Dynamic Range Control (DRC) for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Dual RCA inputs for the connectivity to multiple audio sources
- Easy control of volume, bass level, and treble level

R2750DB

Features:

•Great sound quality with 136W RMS power output from ¾" tweeters,

4" mid-range drivers, and 6.5" bass drivers

- Class-D amplifier system with Digital Signal Processing (DSP) and electronic tone control technology
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Calibrated flared bass reflex port for powerful bass
- Stable Bluetooth connection for seamless music streaming
- Rich connectivity through Bluetooth, Line In, Coaxial, and Optical
- Supports bass output to another subwoofer
- Easy control of volume, bass level, treble level, and source switch

R1580MB

Features:

•Great sound quality with 42W RMS power output from ½" silk

dome tweeters and 4" bass drivers

- Class-D amplifier system for precise audio processing
- Quality wooden enclosure minimizing acoustic resonance and reducing distortion, as well as complementing any room's decorate
- Stable Bluetooth connection for seamless music streaming
- Dual microphone inputs for use as a public address system
- Easy control of volume, bass level, and source switch
