

STEEL SHELVING UNIT

ASSEMBLY INSTRUCTION

STEP 1

ASSEMBLY METHOD

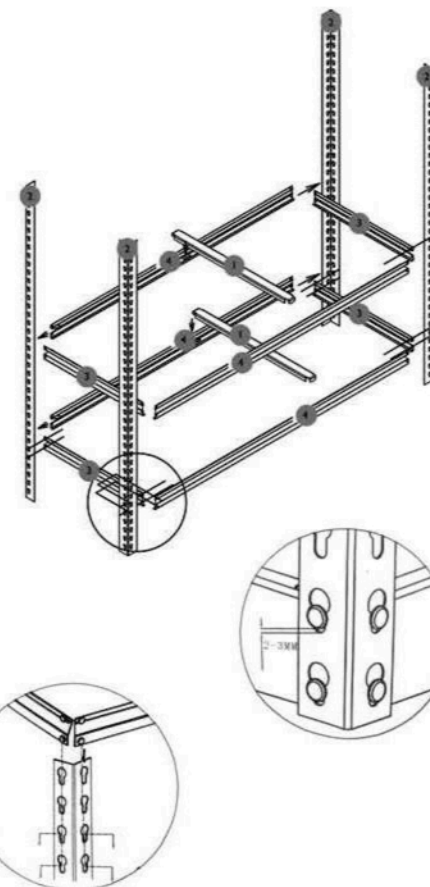

A - Fit the short beams **3**, Long beams **4**, The bottom shelf on the uprights **2**

B - Fit the center supports **1** into the first shelf

C - Repeat step A and complete the assembly of the second shelf

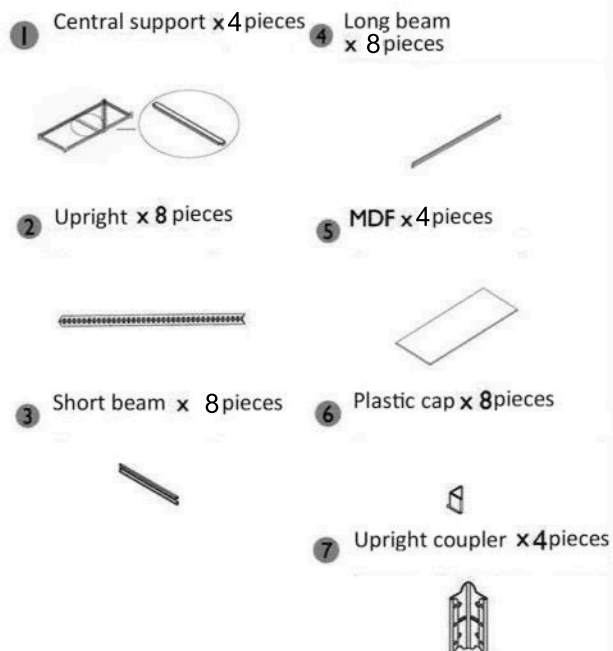

D - Fit the central support **1** into the second shelf

Method of fitting the beams into the uprights :
Push the beams into the holes of uprights

Warning!: Always wear gloves when assembling the unit to prevent injury.
Please use a rubber hammer to avoid damaging the finish.
Make sure the beams that form each shelf are levelled ,
otherwise your shelf will not be straight.

LIST OF PIECES
