

SpeedMaster X5 FF

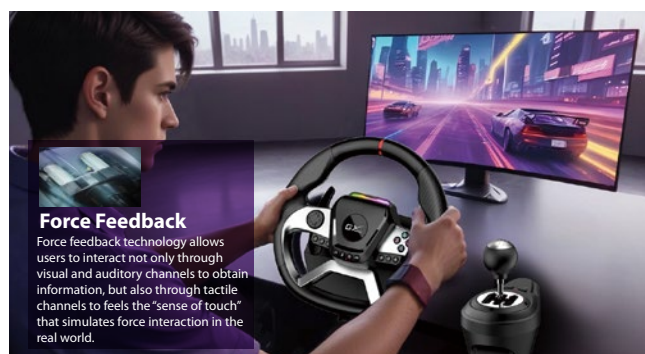

1080° **Force Feedback** Racing Wheel With 6+R Shifter

Genius SpeedMaster X5 FF is a racing game set that includes a **force feedback steering wheel**, **aluminum alloy pedals**, and a **6-speed manual gearbox**. The awesome gear-driven force feedback design makes driving more realistic and responsive when holding the steering wheel.

And, the anti-slip aluminum alloy pedals have accelerator, brake, and clutch similar to a manual car. Plus, its 6-speed manual gearbox can shift gears or reverse according to the road conditions.

SpeedMaster X5 FF is a perfect force feedback racing set can be played on PC, PS4, and XBOX one game consoles. Enjoy drive to win.

Force Feedback

Force feedback technology allows users to interact not only through visual and auditory channels to obtain information, but also through tactile channels to feel the "sense of touch" that simulates force interaction in the real world.
