

Humidifier

HUMI-ED

HUMI-ED

Ultrasonic humidifier with an LCD screen indicating the relative ambient humidity and the status of the functions.

Characteristics:

Electronic humidistat to accurately select the relative humidity between 45% - 90%.

3 nebulising airflows and 360° adjustable diffuser.

Controllable timer from 1 to 12 hours.

Acoustic and on-screen signals indicating empty water tank.

Remote control.

Filter for water impurities.

+ Attributes

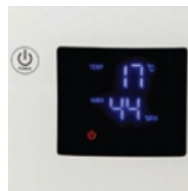

Remote control

Indicator of water level

Removable 4,7L water tank

LCD screen with relative humidity and ambient temperature indicator

360° rotation diffuser to adjust the nebulising airflow.

+ Technical characteristics

Model	Voltage 50Hz (V)	Absorbed power (W)	Maximum nebulising airflow* (cm³/h)	Surface area of influence (m²)	Water tank capacity (L.)	Color	Weight (kg)	Dimension LxWxH (mm)
HUMI-ED	230	30	330	33	4,7	White/black	2,5	240x250x35

* Water temperature to 20°.
