

CAUTION

1. All the safety and operating instructions should be read before the appliance is operated.
2. All operating and user instructions should be followed.
3. The appliance should not be used near water—for example, near a bathtub, washbowl, kitchen sink, laundry tub, in a wet basement, or near a swimming pool, etc. It should not be exposed to dripping or splashing water, and no objects filled with liquid, such as a vase, should be placed on the appliance.
4. Warning: To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.
5. The appliance should be situated so that its location or position does not interfere with its proper ventilation. For example, the appliance should not be situated on a bed, sofa, rug, or similar surface that may block the ventilation openings. Or placed in a built-in installation, such as a closed bookcase or cabinet that may impede the flow of air through the ventilation openings.
