

CHAPTER 3.

TRIATHLON

A woman with blonde hair tied back is running away from the camera on a paved path through a lush green forest. She is wearing a black and red triathlon suit with the 'orca' logo on the back. The text 'IMAGINE DESIGN RACE' is overlaid in large white letters.

IMAGINE DESIGN RACE

orcaCUSTOM

ORCA BEGAN WITH TRIATHLON AND THROUGHOUT THE PAST 25 YEARS, WE HAVE CONCENTRATED ALL OUR EFFORTS ON DEVELOPING PRODUCTS THAT ENHANCE THE CAPABILITIES OF OUR TRIATHLETES.

AS A RESULT, WE PRESENT YOU WITH A RANGE OF HIGH-PERFORMANCE, NOW CUSTOMIZABLE PRODUCTS, DESIGNED FOR THOSE WHO THINK ONE DISCIPLINE JUST ISN'T ENOUGH.

START DESIGNING

DESIGNING HAS NEVER BEEN SO EASY.

Orca offers four different styles so that you can combine different colors to create the best gear for your club.

If you have your own design, we will customize it for you. Contact info@orca.com and we'll walk you through the entire process.

orcaCUSTOM

CLASSIC STYLE

Inspired by the classic designs of athletes from the 60s-70s, this design is a staple that will never go out of style.

orcaCUSTOM

SPEED STYLE

With a well thought-out and futuristic design, this style is modern and elegant, perfect for those who shy away from simple designs.

orcaCUSTOM

WAVE STYLE

With this original print, inspired by the force of the water, you keep your team's colors and give them a modern twist.

orcaCUSTOM

FLUID STYLE

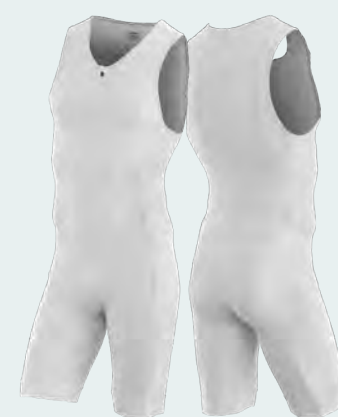

Keeping with the smooth lines of Orca designs, this style maintains the essence of the brand in a simple and elegant way.

CORE

The Core range has been designed to suit all types of triathletes. These basic and essential pieces are for any triathlon lover, perfect for training or competing at an amateur level. The perfect balance between performance, comfort and value for money.

MEN

DKT1TTMM **FRONT ZIP TRI SUIT**

Sizes: XS, S, M, L, XL, XXL, XXXL

DKT3TTMM **BACK ZIP TRI SUIT**

Sizes: XS, S, M, L, XL, XXL, XXXL

DKT5TTMM **TRI TOP**

Sizes: XS, S, M, L, XL, XXL, XXXL

WOMEN

DKTATTMM **FRONT ZIP TRI SUIT**

Sizes: XS, S, M, L, XL, XXL

DKTCTTMM **BACK ZIP TRI SUIT**

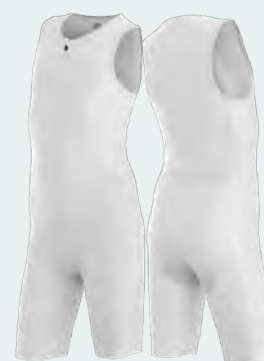

Sizes: XS, S, M, L, XL, XXL

DKTETTMM **TRI TOP**

Sizes: XS, S, M, L, XL, XXL

KIDS

DKTITTMM **FRONT ZIP TRI SUIT KIDS**

Sizes: 8, 10, 12

MEN

KKTOTTMM **SHORT SLEEVED TRI TOP**
Sizes: XS, S, M, L, XL, XXL, XXXL

DKT7TTMM **TRI SHORT**
Sizes: XS, S, M, L, XL, XXL, XXXL

DKTLTTMM **AERO TRI SUIT**
Sizes: XS, S, M, L, XL, XXL, XXXL

WOMEN

KKTPTTMM **SHORT SLEEVED TRI TOP**
Sizes: XS, S, M, L, XL, XXL

DKTGTTMM **TRI SHORT**
Sizes: XS, S, M, L, XL, XXL

DKTMTTMM **AERO TRI SUIT**
Sizes: XS, S, M, L, XL, XXL

FRONT ZIP TRI SUIT

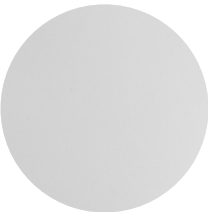

The Core Front Zip tri suit is the perfect sleeveless option for your races and the ideal compromise between performance and comfort. Designed with high performance Italian fabrics, this tri suit fits perfectly to your body thanks the high elasticity of its materials. Also, its elastic grip will always keep the legs in place.

MEN DKT1TTMM
Sizes: XS, S, M, L, XL, XXL, XXXL

WOMEN DKTATTMM
Sizes: XS, S, M, L, XL, XXL

HYDROSKIN MATERIAL

The high quality Italian fabric is made from LYCRA XTRA LIFE, which provides greater wear resistance. The perfect fabric for long-distance training and competition. The elastic mesh in the back also provides maximum breathability and comfort.

POCKETS

The two back pockets feature a flap that improves aerodynamics and prevents water from penetrating the pocket while you swim.

CHAMOIS

The new 5mm thick Italian chamois with a density of 110 kg/m³, designed with 3D printing to eliminate layers, will provide you with greater comfort on the bike.

BACK ZIP TRI SUIT

Designed for races that follow ITU competition rules, it is the perfect blend of performance and comfort. Thanks to the elasticity of its materials and the grip located at the bottom of the legs, the high-quality Italian fabrics provide more breathability and a perfect fit.

MEN DKT3TTMM
Sizes: XS, S, M, L, XL, XXL, XXXL

WOMEN DKTCTTMM
Sizes: XS, S, M, L, XL, XXL

HYDROSKIN MATERIAL

The high quality Italian fabric is made from LYCRA XTRA LIFE, which provides greater wear resistance. The perfect fabric for long-distance training and competition. The elastic mesh in the back also provides maximum breathability and comfort.

GRIP

The elastic grip at the bottom keeps the pants in place, providing comfort and support during long workouts.

CHAMOIS

The new 5mm thick Italian chamois with a density of 110 kg/m³, designed with 3D printing to eliminate layers, will provide you with greater comfort on the bike.

TRI TOP

This sleeveless jersey is the perfect complement for those who prefer a two-piece. It is comfortable and breathable and helps you maintain an ideal body temperature during hours of training or competition. Also, the back pockets allow you to store whatever you need, such as nutrition or gels. Made with high quality, durable Italian materials, this top will keep you comfortable throughout the entire competition.

MEN	DKT5TTMM	WOMEN	DKTETTMM
Sizes:	XS, S, M, L, XL, XXL, XXXL	Sizes:	XS, S, M, L, XL, XXL

HYDROSKIN MATERIAL

The high quality Italian fabric is made from LYCRA XTRA LIFE, which provides greater wear resistance. The perfect fabric for long-distance training and competition.

BREATHABILITY

In addition to the Soft Mesh back panel, it features Vapour side panels for increased comfort and breathability where you need it most.

POCKETS

The two back pockets feature a flap that improves aerodynamics and prevents water from penetrating the pocket while you swim.

SHORT SLEEVED TRI TOP

The Core Tri Sleeved Top is the perfect jersey for those who prefer wearing a two-piece without compromising aerodynamics. Designed with high quality, breathable materials, it helps you maintain a comfortable body temperature during hours of training or competition. The back pockets allow you to store whatever you need, such as nutrition or gels.

MEN	KKTOTTMM	WOMEN	KKTPTTMM

CHAMOIS

The new 5mm thick Italian chamois with a density of 110 kg/m³, designed with 3D printing to eliminate layers, will provide you with greater comfort on the bike.

FRONT ZIP TRI SUIT KIDS

The adult Core range is now also available for children. Designed with the same materials as the adult version, the Kids Core race suit is comfortable and sturdy, with high-quality fabrics that provide a good fit and breathability. The chamois has been developed with children who practice triathlon in order to offer them more comfort on the bike. The suit for rising stars.

KIDS	DKTITMM
Sizes:	8, 10, 12

HYDROSKIN MATERIAL

The high quality Italian fabric is made from LYCRA XTRA LIFE, which provides greater wear resistance. The perfect child-proof fabric.

POCKETS

The tri suit features two open back pockets to ensure that the little ones can easily access food.

CHAMOIS

This 9-mm Italian-made chamois with a density of 65 kg/m³ is the perfect size for triathlon use and provides necessary protection to young athletes.

RS1

Designed with the help of the best triathletes on the international circuit, the RS1 range is our best creation. We combined the most exclusive fabrics with a high-performance design to improve hydrodynamics in the water. The wind-tunnel tested design is optimized to reduce the athlete's drag coefficient and achieve maximum performance on asphalt.

MEN

KKT2TTMM **FRONT ZIP TRI SUIT**

KKTKTTMM **AERO TRI SUIT**

Sizes: XS, S, M, L, XL, XXL

FRONT ZIP TRI SUIT

The sleeveless version of our most high performance tri suit has been developed with the best triathletes in the world. Thanks to its Italian hydrophobic and compressive fabrics, the garment will remain lightweight throughout the race, absorbing minimal sweat and providing your muscles with necessary support.

MEN	KKT2TTMM
Sizes:	XS, S, M, L, XL, XXL, XXXL

WOMEN	KKTBTTMM
Sizes:	XS, S, M, L, XL, XXL

BACK ZIP TRI SUIT

The ultimate suit for ITU races, developed and tested in competitions by professional athletes like Richard Murray. High performance, hydrophobic and compressive fabrics create an unstoppable garment in the combination of all three disciplines.

MEN	KKT4TTMM
Sizes:	XS, S, M, L, XL, XXL, XXXL

SPEEDSTER MATERIAL

This ultra-light fabric has hydrophobic properties that improve performance in the water and minimize sweat absorption during the rest of the transitions. Thanks to the high compression your muscles will perform at the highest level.

POCKETS

The two back pockets have a mesh interior to improve breathability and facilitate the release of water.

CHAMOIS

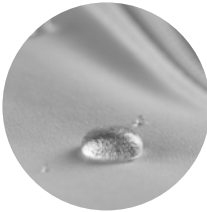

The new RS1 chamois is 2 to 5mm thick with a density of 110 kg/m³ and designed with 3D printing to eliminate layers. It guarantees freedom of movement in a suit that fits your body perfectly.

SPEEDSTER MATERIAL

This ultra-light fabric has hydrophobic properties that improve performance in the water and minimize sweat absorption during the rest of the transitions. Thanks to the high compression your muscles will perform at the highest level.

SPEED IN THE WATER

The RS1 Backzip provides maximum hydrodynamics thanks to its thermo-sealed seams and its hydrophobic properties, reducing your time by approximately two seconds per one hundred meters compared to other garments made of less hydrodynamic fabrics with greater water absorption.

CHAMOIS

The new RS1 chamois is 2 to 5mm thick with a density of 110 kg/m³ and designed with 3D printing to eliminate layers. It guarantees freedom of movement in a suit that fits your body perfectly.

BACK OPEN TRI SUIT

The new women’s RS1 Open Back tri suit is designed for ITU competitions. It is breathable and comfortable and it adapts perfectly to your body. High performance, hydrophobic and compressive fabrics create an unstoppable garment in the combination of all three disciplines.

WOMEN KKTNTTMM
Sizes: XS, S, M, L, XL, XXL

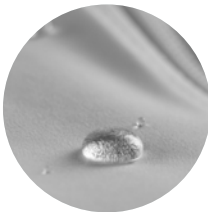

SPEEDSTER MATERIAL

This ultra-light fabric has hydrophobic properties that improve performance in the water and minimize sweat absorption during the rest of the transitions. Thanks to the high compression your muscles will perform at the highest level.

The new RS1 chamois is 2 to 5mm thick with a density of 110 kg/m³ and designed with 3D printing to eliminate layers. It guarantees freedom of movement in a suit that fits your body perfectly.

TRI TOP

This sleeveless top will provide you with maximum comfort during long distance races, evaporating sweat and helping your body to maintain an ideal temperature. The bottoms feature back pockets to store everything you need for training and racing. Designed for those who push their limits.

MEN KKT6TTMM
Sizes: XS, S, M, L, XL, XXL, XXXL

WOMEN KKTFTTMM
Sizes: XS, S, M, L, XL, XXL

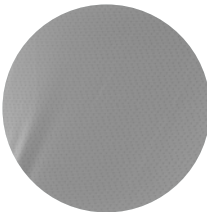

SPEEDSTER MATERIAL

This ultra-light fabric has hydrophobic properties that improve performance in the water and minimize sweat absorption during the rest of the transitions. Thanks to the high compression your muscles will perform at the highest level.

BREATHABILITY

The state-of-the-art mesh fabric located on the back facilitates the rapid evaporation of sweat to keep you comfortable during the race.

POCKETS

The two back pockets have a mesh interior to improve breathability and facilitate the release of water.

TRI SHORT

The RS1 Short is made with Speedster technology which provides improved aerodynamics and greater muscle compression. The new adjustment system with a silicone grip will keep the shorts in place throughout the entire race. The racing shorts you’ve been waiting for.

MEN	KKT8TTMM	WOMEN	KKTHTTMM
Sizes:	XS, S, M, L, XL, XXL, XXXL	Sizes:	XS, S, M, L, XL, XXL

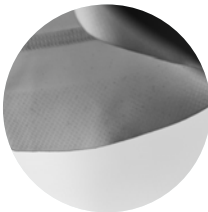

SPEEDSTER MATERIAL

This ultra-light fabric has hydrophobic properties that improve performance in the water and minimize sweat absorption during the rest of the transitions. Thanks to the high compression your muscles will perform at the highest level.

GRIP

The elastic grip built into the bottom of the shorts keeps them in place throughout the entire race, which will provide unparalleled comfort and support.

CHAMOIS

The new RS1 chamois is 2 to 5mm thick with a density of 110 kg/m³ and designed with 3D printing to eliminate layers. It guarantees freedom of movement in a suit that fits your body perfectly.

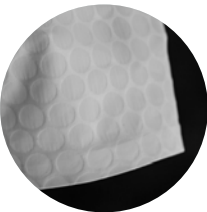

AERO TRI SUIT

A high-performance tri suit with sleeves, developed with the best triathletes in the world. Thanks to its Italian hydrophobic and compressive fabrics, the garment will remain lightweight throughout the race with minimal sweat absorption and optimal support. The RS1 Aero has been wind tunnel tested and optimized to achieve the best aerodynamics.

MEN	KKJTMM	WOMEN	KKTKTMM
Sizes:	XS, S, M, L, XL, XXL, XXXL	Sizes:	XS, S, M, L, XL, XXL

FIT AND COMFORT

The sleeves fit perfectly thanks to Aero-fit technology and laser cutting. Unlike the previous version, this new suit features two back pockets with a mesh interior to improve breathability and facilitate the release of water.

DREAM KONA FABRIC

The new fabric in the sleeves and back and the ultrasonic seam welding improve aerodynamics on the bike. The three-dimensional texture of the material has been wind tunnel tested and optimized to delay turbulent boundary layer separation, reducing the cyclist's drag.

CHAMOIS

The new RS1 chamois is 2 to 5mm thick with a density of 110 kg/m³ and designed with 3D printing to eliminate layers. It guarantees freedom of movement in a suit that fits your body perfectly.
